EDUCATION

CGPA: 7.05

- Government College of Engineering

Completed Diploma with 92.35% Aug 2019 – Jun 2022

- Government Polytechnic Nagpur

Completed SSC with 84% Aug 2018 – May 2019

- Railway Men's High School

PROJECTS

Personal DSA Sheet

- Developed a responsive Personal DSA Sheet web application that helps students learn data structures and algorithms by allowing them to create custom question sets or use pre-built sheets.
- The project integrates with platforms like LeetCode, GFG, and Coding Ninjas to provide a learning resource.
- It features a responsive UI, efficient data handling with Appwrite, and includes interactive elements.

Blogzz

- Developed a Full-stack web application using tech stack React and Appwrite.
- Implemented user authentication, allowing users to create, edit, and view blogs on various topics.
- Designed a seamless UI/UX using reusable components for enhanced user experience.

Snap Gram

- Developed a Full-stack application with a robust tech stack including React.js, Appwrite & TypeScript.
- Key features include an authentication system, React Query for efficient data fetching, and a responsive UI with Tailwind CSS.
- Implemented functionalities such as post creation, editing, and exploration, as well as user profile management and interactive features like liking and saving posts.

POSITION OF RESPONSIBILITY

- Rasta Foundation (NGO) - Managed events and programs for an NGO focused on social awareness.

- Adhyaaya, GCOE Nagpur - Worked in a college society that organizes events for the college.

- Codexian, GCOE Nagpur: Worked in a college - level coding society with tech enthusiasts.
