PROJECTS

Personal DSA Sheet | React, Appwrite, Tailwindcss live-link github-link

- Developed a Personal DSA Sheet web application using React.js, connecting with a database for efficient data handling with Appwrite, and implementing reusable components for enhanced UI/UX using Tailwindcss.
- The project integrates with platforms like LeetCode, GFG, and Coding Ninjas to provide a seamless user experience.

Blogz | React, Appwrite, Tailwindcss live-link github-link

- Developed a Full-stack web application using React and Appwrite, for managing a blog. Implemented user authentication, allowing users to create, edit, and view blog posts.
- Designed a responsive UI/UX using reusable components for enhanced user experience.

Recipe App | React, Appwrite, Tailwindcss, TanStack Query live-link github-link

- Developed a Full-stack application with a robust tech stack including React, Appwrite, Tailwindcss, and TanStack Query for efficient data fetching, and a responsive UI with Tailwindcss.
- Implemented functionalities such as post creation, editing, and exploration, and added a search feature for finding recipes.

POSITION OF RESPONSIBILITY

- Rasta Foundation (NGO): Managed events and programs for an NGO for the past 6 months.
- Aarday, GGD Nagpur: Worked in a college society that organizes events for the GGD Nagpur.
- Codefiath, GGD Nagpur: Worked in a college-level coding society with tech enthusiasts.
